EDUCATION

VIDYA JYOTHI INSTITUTE OF TECHNOLOGY   August 2019 - May 2023
Bachelor of Technology Electronics And Communications Engineering   Hyderabad,India
CGPA: 7.94

SIDDHARTHA JUNIOR COLLEGE   June 2017 - March 2019
Intermediate MPC   Vikarabad
Percentage: 96.2%

BHRUNGY INTERNATIONAL SCHOOL   June 2016 - April 2017
SSC 10th   Vikarabad
CGPA: 9.3

EXPERIENCE

FULL CREATIVE | Full Stack Developer Intern   Remote | February 2023 – March 2023

- Worked with senior developers and designers to implement [Software] using Java, OOPS , HTML,CSS, SQL, Spring Boot and JavaScript.
- Wrote production-ready code with fluency in modern front-end and back-end frameworks.
- Developed, coded, modified and debugged application programs of varying degree of complexity with full independence.

SKILLS

Programming Languages	Java, JavaScript, C, HTML, CSS, PHP
Libraries/Frameworks	Spring MVC, Spring Boot
Tools / Platforms	IntelliJ Idea, Eclipse IDE, VS code, Google App Engine, Spring Tool Suite
Databases	SQL

PROJECTS / OPEN-SOURCE

TODO-LIST   Java, Spring Boot

I have developed a Todo-List web app using Spring Boot. This application allows users to create, schedule, and manage tasks, providing a convenient way to organize and track their to-do lists.

HOTEL BOOKING APPLICATION: JAVA BACKEND DEVELOPMENT | Link   Java

This project involved developing the backend of a Hotel Booking Application using Java. The application aims to provide users with a seamless experience in booking the best-rated hotels within their budget. By leveraging Java's capabilities, the backend ensures a reliable and efficient system for hotel search, booking management, and user authentication. With a focus on user satisfaction and budget optimization, this Hotel Booking Application offers a user-friendly platform for finding and reserving top-rated hotels.

CONTACTS MANAGER APPLICATION: | Link   Java

Developed the backend for the Contact Manager Project using Java, utilizing IntelliJ Idea as the development software. This project is a Contact Manager Application designed to efficiently manage and organize all contact information in one centralized platform.
